IO SONO FRIULI VENEZIA GIULIA

REGIONE AUTONOMA
FRIULI VENEZIA GIULIA

Governor of the Autonomous Region of Friuli Venezia Giulia Massimiliano Fedriga

I am very pleased to bring my greetings and thanks from myself and the regional Administration to this important sporting event meritoriously organized by the Regional Committee of the Italian Athletics Federation.

The Play Together Athletics Alpe Adria Games is an event that has gradually grown over the years and which this year brings young athletes to Pordenone from six other Italian regions, as well as from Austria, Serbia and Croatia.

An event of international importance which, in the name of the values of friendship and healthy competition that only sport transmits, brings together young people from various backgrounds and cultures, making them compete but also creating new exchanges and important meeting moments in their education.

Furthermore, sporting events like this are not only good for competitive spirit, but also represent a very important opportunity to enhance and promote the regional territory and in this case the Pordenone area and its many peculiarities and scenic beauties.

Through this recognized event, sport and promotion of the territory go hand in hand. The sporting event, in addition to being a competition included in the international athletics calendar, becomes a showcase capable of representing a great opportunity to raise awareness and promote the tourist attractions of Friuli Venezia Giulia and, in particular, the uncontaminated landscapes of the Dolomites and the Magredi, places of beauty and well-being.

The Region, through PromoTurismo Fvg and the Io Sono Friuli Venezia Giulia brand, wants to encourage these events by also offering the opportunity to the many who come from outside the region to follow the competitions to get to know and discover our regional territory.

Therefore, good luck to the many athletes who will compete in the three days of sporting competition for competitions that are always characterized by the universal values of sport, such as commitment, tenacity, sacrifice and friendship.

To the organizers, renewed thanks and good work with the hope that the tradition of the Play Together Alpe Adria Games can continue over the years.

To the large public who will participate in the event, I wish you lots of fun while also discovering the Friuli Venezia Giulia area.

Comune di Pordenone

Mayor of Pordenone Alessandro Ciriani

"With great satisfaction Pordenone and its territory welcome the Alpe Adria Games, a two-day international track and field event in which many boys and girls under 23 will have the opportunity to meet, compare and have fun together, in the name of friendship between peoples.

This event, in continuity with the unforgettable "Youth Games" Alpe Adria, continues to unite young athletes from many Italian regions and various European nations that share the Adriatic Sea and the Alpine chain. A vast territory that possesses a rich cultural heritage and which, despite speaking different languages, communicates perfectly through the language of Sport, based on the fundamental values of respect, friendship, sacrifice, mutual help, sharing, courage and the fortitude to not let go never get discouraged by defeats.

I wish all the young people who participate in these important Games to spend pleasant moments in our city, taking advantage of this stay to discover the artistic beauties of our land, the goodness that this territory offers and to be immersed in the many cultural and musical events that Summer in Pordenone offers.

Good luck everyone!"
